POWER PRO

PRODUCT #5505

BLANKET AND ROLLER WASH

DESCRIPTION

This product is a high quality, powerful, water miscible, one-step blanket and roller wash. It is very competitive with all leading washes on the market today.

FEATURES AND USAGE

Strong cleaning characteristics, coupled with water miscibility, enhances its ability to remove water mobile wastes such as paper dust and gum glaze, as well as other glazes. This combination of features allows the pressman to remove solvent soluble and water soluble materials from blankets and rollers in a single wash-up, just by adding water to it. Can be used in presses equipped with automatic wash up systems.

TECHNICAL GUIDANCE

POSCO is happy to provide its customers with technical guidance in the use of its products in solving problems encountered by the pressman in any kind of printing operation, anywhere. Please call and ask for technical assistance.

DIRECTIONS

For rollers and blankets: Use full strength for quick results, or mix 25% water to form a strong cleaning emulsion for effective glaze removal.

BENEFITS

- Strong cleaner
- Pleasant citrus scent
- Utilizes unique detergent base which cleans effectively when mixed with water
- Excellent Step 2 rinse in a two step roller wash system
- Cost effective product
- Low vapor pressure product

PACKAGING AND NET WEIGHT
