

ONE STEP BLANKET AND ROLLER WASHES

Alpha 499: A strong, water miscible wash with enhanced evaporation rate and a citrus scent. Recommended as a roller wash for the Heidelberg QM. *P7101*

ABC Wash: An economical, water miscible blanket and roller wash with a mild, pleasant scent. *P1600*

Auto Roller Wash: Certified and approved by KBA and Baldwin for use in their automatic wash-up units. *P5733*

Ecolo-Pro Series: Our Ecolo-Pro series of blanket washes have been developed to comply with emissions rules. Using soy based blends, these washes can meet your specific needs. A large variety of washes with different concentrations of VOC's can aid in a gradual transition from conventional washes to compliant washes without a sudden change in clean up results.

Power Pro: A powerful one step wash with water miscible capabilities and a pleasant citrus scent. Very effective in Heidelberg presses equipped with automatic blanket and roller wash systems. *P5505*

Press-Solv 140 & 140K: Meets the flashpoint requirement that is set by many manufacturers, govt. agencies, and insurance companies. Press-Solv 140 & 140K meet guidelines and clean effectively. Press-Solv 140 has a pleasant citrus scent. Press-Solv140K has a cinnamon fragrance. *P5640* (140) *P5792* (140K)

Press-Solv FA: A Fogra certified wash with a 142 F flash point and a very mild odor. It is water miscible and contains an anticorrosive agent. Approved for Heidelbergs, KBAs and Man Rolands equipped with auto wash systems. *P9398*

Press Wash 902X: A strong one step wash that is Baldwin approved. Works well in Heidelberg, Komori and other presses with automatic blanket and roller wash systems. Combats blanket piling when mixed with water. *P1042*

Press Wash PWM & PWM Special: A great cleaning, highly water miscible wash that is Baldwin approved. Mix with up to 50% water to reduce V.O.C.'s and cost. Press Wash PWM works well in presses equipped with automatic blanket and roller wash systems. *P1250* - Press Wash PWM Special is the same great cleaning wash, but adds a pleasant citrus scent *P5504*

Wash #7: A premium, all purpose, water miscible blanket and roller wash for any size shop. Can also be used in presses with automatic systems. *P1116*
